7 X 14 8CM  
18 CM X 36 CM X 8 CM  
7" X 14.25" X 3.25"

# FEATURES

## Technologies

---

### EnduraColor™ Facemix Technology

EnduraColor products are manufactured in a two-step process which combines a base of coarser aggregates for a stronger foundation, with concentrated color and wear-resistant finer aggregates on top. EnduraColor products are highly resistant to fading because the top layer prevents large, lighter color aggregates from showing through.

## Applications

---

Pedestrian

## Surface Texture

---

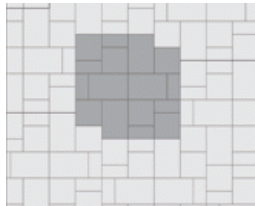

Smooth - Zero Bevel

Sold in full bundles only on a refundable skid. Product is not intended for vehicular applications. Important: Textured surfaces require a buffer between the plate compactor and the paver surface to prevent scuffing. All measurements are nominal.

## IMPORTANT INFORMATION

*The large unit sizes and the pleasant colors of Beacon Hill make it a fabulous patio or pool deck paver. The subtle flagstone impression provides for a striking visual day or night.*

**Base Requirement & Bedding Course** – standard paver base specification.

**Handling and Installation**– A protective pad is required when doing the final paver compaction. Both herringbone, random and linear patterns are common.

### Jointing Material and Joint Stabilization

- o Good: ordinary dry joint sand
  - o Best: Any Polymeric Sand or ordinary dry joint sand stabilized by a water-based or solvent-based joint sand stabilizer sealer. (Joints should be flooded but the paver surface must be squeegeed and/or blown clean).
  - o Special Note: Gator Maxx Polymeric Sand (overlays)

### Sealers

- o Product may be sealed but it is not absolutely required.
- o Unilock Unicare® Surebond, BP Pro and Techniseal® sealers can be used.
- o Select type for desired aesthetics.
- o Product must be cleaned before sealing.

**Cleaners** – Any paver cleaner may be used for color restoration or general cleaning. Follow manufacturer's dilution rates and application procedures.

**Special note** - To avoid issues with height variance, do not use as a direct overlay on concrete.

 All measurements are nominal

Colors, product data, and availability are subject to change without notice. Please confirm all details with your local Unilock Dealer or call 1-800-UNILOCK (1-800-864-5625) for availability in your area. The colors shown should only be used as a guide. Final color selections should always be made from actual samples.
